

2023 STAFFING NEWS

19 DECEMBER 2022

MESSAGE FROM THE ASSISTANT DIRECTOR

Dear Families,

What an impressive turn out we had for the children's end of year concert. I hope you were entertained and thank you for sharing this special moment with us and your child/ren. Also, to all our graduate children, we wish you an exciting new learning journey at public school.

With our enrolments almost full, there has been lots of planning gone into staffing for 2023, however and I am now thrilled to share this with you. I believe these combinations will provide exceptional education and care for your children.

Happy holidays to all our parents/carers and children.

We look forward to an amazing 2023!!!!

Kind regards,

Kareen Higgins

Assistant Director

FAREWELL TO DOM

Passion, dedication, drive and commitment are traits that employers look for from their employees.

Dom will be sadly missed, as we say farewell to her as an employee and thank her for 2 decades of employment. She has such a positive attitude of "What else can I do to help?" We are sure she will be remembered by the families and children, as all who meet her feel at ease due to her warm, friendly, easy going and caring nature.

Dom has been a driver and supportive member of our preschools environmental program, which aims to reduce our environmental footprint and increase our social handprint. This project through research, positive inquiry, education, and embedded changes in practice has seen many positive changes in our organisation. Some examples include having halved energy costs, halved our landfill waste, increased fauna and flora on our preschool property, free food for families through our joint program between Woolworths, Bucketts Way Neighbourhood Group and our service as well as the strong implementation of nature play programs.

We are honored to have had Dom working for us. Dom has assured us that she will return in 2023 to support the organisation with gardening and excursions off site, so we will be lucky enough to still have Dom around from time to time.

END OF YEAR CLOSURE DATES
