

Plan No.	6	NQF / Reg. Ref No.	QA1 QA7.1.1	Plan Date	Aug 2021
1) Name your improvement	Outdoor Learning Environment Philosophy & Pedagogy				
2) Explain why the improvement is needed	The service has a large team and unique outdoor learning environment. Many educators have differing views about the setup, maintenance and their roles and responsibilities in this environment.				
3) List the outcomes from the improvement:	- The outdoor learning environment philosophy supports the service philosophy. - The philosophy will guide and inform the services' community from educators, children, parents, and the wider community to understand the 'why' behind the uniqueness of our outdoors learning environment and how it is used to support children's development, sustainability, and our local natural biodiversity. The philosophy will support our work with children, their families and each other. It is the combination of our beliefs, values and hopes for the outdoor educational program that we provide and its outcomes. - The philosophy will support our pedagogy. - Goals and responsibility will be developed for each keys learning area.				
4) List any consequences of NOT undertaking this improvement?	- Educators will continue use individual philosophies to guide their practice. - Educators are not clear on their roles and responsibilities - Children will receive differing messages from educators. - Families and the local community may not understand the goals and importance our outdoor learning environment has in supporting high quality early years education.				
				M	
5) Strategies – List the steps, activities and tasks you plan to implement to achieve your improvement					
Short Term			Long Term		
Survey educators Survey families Draft philosophy and gather feedback Collaborate with educator on pedagogy, goals & expectations. Draft and finalise document Add document to orientation package			Add philosophy to new webpage Write supportive articles for webpage.		
From your strategies above list the actions you will take to implement your improvement plan					
Action Steps (Implementation Plan) – add rows as required				Responsibility	
Survey educators on how the outdoor learning environment links to our service's philosophy and their pedagogy.				Elizabeth/All educator	
Gather key words and concepts for new philosophy from staff, children, and families.				All educators	
Draft new Outdoor Learning Environment Philosophy.				Elizabeth	
Display new philosophy for feedback from all stakeholders.				Elizabeth/all stakeholders	

Write supporting document with pedagogy, goals & expectations for key learning areas	Elizabeth/All educators
Add document to staff's orientation package	Elizabeth/Admin
Add vision & Philosophy to parent handbook	Admin
Add vision & philosophy to website	Admin
Develop a diagram to show best practice for outdoor supervision to minimise risk.	Kasey

Reflections, Evaluation & Feedback			
Plan No.	6/2021	NQF/Reg. Ref No.	QA1 QA7.1.1
21/08/2021	Meeting to discuss the outdoor learning environment strengthens and weaknesses. Recording 2021 08 21 MS Teams Saved with QIP plan 6		
23/8/2021	Survey on outdoor learning areas, philosophy & pedagogy sent to educators. Individual reflections saved on cloud. <i>Staff/Educators/Professional Development/Outdoor learning areas 2021 08 23</i>		
05/10/2021	<i>Elizabeth reviewed all educators' surveys and researched the development of a philosophy. See supporting documents: Revising The Service Philosophy ECA & 2021 10 05 Outdoor Learning Environment Philosophy EP NQS PLP e-newsletter No.28 2012.</i>		
05/10/2021	Educators' Meeting. Discussion on information & words that could be included in the new philosophy. See minutes from meeting Educators' meeting Project Book & recording of meeting on MS Teams House Keeping.		
21/10/2021	Elizabeth drafted up vision and philosophy using the ideas from Educators' meeting 5/10 and emailed to staff for feedback 21/10/2021. See 2021 10 21 Outdoor Learning Environment Philosophy Draft doc.		
8/11/2021	Draft Outdoor Learning Environment Philosophy in November newsletter requesting families' feedback.
