

Child Protection Risk Management Strategy

Location: Gloucester PreSchool & Early Years Learning Centre grounds (Indoor & outdoor learning Environments)

Who is at risk? Children, Educators, visitors to service

STEP 1	STEP 2	STEP 3 Risk Rating		STEP 4	STEP 5	STEP 6
Describe the activity <i>Identify all elements of the event from beginning to end</i>	Identify Risks <i>Something that could happen that results in harm to a child</i>	Likelihood	Consequence	Evaluate the Risk <i>Using Matrix</i>	Manage the Risk <i>Assess the options</i>	Procedure & Review <i>Nominate who will review after the event/activity</i>
Staff member and child not in vision of another staff member. High risk areas: - Toileting children - Nappy changing - Changing children soiled clothes - Attending to children in cot rooms Other risk areas: - Assisting a child on the veranda - In the office - In the staff room	Abuse of child from staff member. This could include but not limited to: - Verbal - Physical - Sexual - Emotional Allegation of abuse of a child against a staff member. This could be from the child, another educator, family member or community member.	Possible	Major	High	Staff: - Always let another staff member know where you are going and what you are doing. - Minimize where possible placing yourself in a situation where you cannot be seen by another staff member. - Limit the time you have to be with a child alone. - Where and when possibly complete activity with two or more children. - Have doors and windows open so you can maximise visibility and communication. - No volunteers, students, educators under the age of	Child Protection Policy Physical Environment Policy Review by Nominated Supervisor after an event or annually. Room Leader to review when there is a change of staff, routine or equipment setup.

• In storage rooms or sheds • Behind furniture or equipment that limits good visibility to others • Outdoor learning environment where distances are large High risk times: • When only 2 educators are on the premises. • Opening & Closing the service • Transition times					18, or visitors will be allowed to be with children on their own. • Have resources organised before children are on the premises. • Time activities, transitions, etc., to times when staff ratios are high and there are more than two staff on the premises. • Staff will work collaboratively to minimise risks and support their colleagues.	
Child or children are left unsupervised on the services premises. Children are playing in areas with poor or no supervision.	Abuse of child: • From another child • To themselves • From a parent/carer • From any visitor to the preschool Risk of harm • Choking • Drowning • Leaving the pre-school premises unattended or with an unauthorised person.	Possible	Major	High	• Ensure staff to child ratios are always covered. • Check children regularly from daily attendance sheets. • Remind children about safety rules. • Ask another staff to supervise children if you have to leave an area. • Staff position themselves around the classroom/yard to ensure they have good supervision of all areas of the environment. • Identify high risk children. • Identify high risk areas.	Child Protection Policy Review by Nominated Supervisor after an event or annually. Room Leader to review classroom risks at the start of each term or when equipment has been rearranged.

					New staff should have an induction processes that includes this information.	
Visitors to the service: - Trades persons - Service/maintenance persons - Performer/entertainers - Delivery drivers - Parent/carer for new enrolments - Emergency personal - Early intervention support workers	Abuse of child from visitor Allegation of abuse to child against visitor. This could be from the child, educator, family member or community member.	Unlikely	Major	High	- All visitors to the service will sign in out. - Visitors will be in visual sight of a staff member at all times. - Visitors will not enter children's toilet areas when they are being used by a child. - Visitors will not enter cot rooms or areas where children are resting or sleeping without direct supervision of an staff member.	Delivery & Collection Policy Child Protection Policy Review by Nominated Supervisor after an event or annually.
Cyber protection Child have access to visual photos or videos Unsolicited photos or videos taken of children	Visitor to service, person with vision of children off the premises or staff members could take photos or videos of children without permission. These photos could be shared with unknown people or on the internet. Visitors or staff members could show children videos or photos that are	Possible	Moderate	High	- All parents, carers and staff sign and follow the services Code of Conduct. - Parents/carers will not take photos or videos of their child or of other children at the service until prior permission has been grant by the Nominated Supervisor or Person in day to day change. - Photos and videos will only be taken of children by staff or media when consent have	Code of Conduct Delivery & Collection Policy Child Protection Policy Lockdown Policy Review by Nominated Supervisor after an event or annually.

	inappropriate for children's age, culture, cognitive or emotional development or have sexual or violent content. Children have access to electronic devices unsupervised.				been given on the child's enrolment form. • Educator's will only use the service electronic devices to take photos or visions for professional documentation. • Photos or videos of children will only be stored/saved on the services electronic devices that have a password protection. • Printed photos will be shredded if not used for long term professional documentation. • Educators ensure supervision of visitors and of any persons located near the service that may be action in a suspicious way.
