

Risk Assessment Management Plan

This risk assessment must comply with relevant regulatory and compliance requirements as outlined in: National Law and National regulations 2011 Division 5 Emergencies and Communication 97 Emergency and evacuation procedures.

The approval provider of an education and care service must ensure that a risk assessment is conducted to identify potential emergencies that are relevant to the service for purpose of preparing the emergency and evacuation procedures.

Identify the activity

Potential Emergency and Evacuation Situations

Who may be at risk?

Children, educators, volunteers, families, community.

Items to be taken: Cordless phone, Mobile phone, First aid box, Children individual medications, i-pad with xplor app.

Risk Fire within the Pre-School

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Policy & Procedure
Fire within the Pre-School	Kitchen: Oven, microwave, fridge, toaster, Sandwich maker Meter Box	Burn injuries	Rare	Major	Moderate	Emergency evacuation Fire drills Maintenance and inspecting to ensure equipment is in good working order. Smoke detectors. Fire extinguishers	• WH&S • Emergency Management & Evacuation Policy • Physical environment Policy
Fire outside on the Pre-School Grounds	Grass fire Tree fire Furniture or play equipment fire	Burn injuries	Rare	Moderate	Low	Ensure no flammable materials are in the yard. Ensure garden and lawns are maintained.	• Emergency Management & Evacuation Policy
Fire in a neighbouring property	House, Church or School	Burn injuries	Rare	Major	Moderate	Ensure they have our current contact phone numbers	• Call 000 • Follow lockdown emergency procedures • Await instructions from police or fire department.
Bush Fire threatening Gloucester Town	Fire	Burn injuries	Rare	Major	Moderate	Monitor NSW Fire Near Me App when risks are high	• Bush Fire Policy • Follow lockdown emergency procedures • Await instructions from police or fire department.

Low Air Quality	Smoke Haze Dust storm	Poor air quality	Possible	Moderate	High	Monitor air quality warnings on BOM Keep children inside with windows and doors closed Monitor children with Asthma plan closely Advise families to keep children at home if risks are high	- Shelter-in-place procedures - Medical Conditions Policy
-----------------	--------------------------	------------------	----------	----------	------	--	--

Natural Disasters

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Procedure
High Winds	Limbs and branches falling off trees. Toys & other material flying around. Large structural material falling from our service or other buildings	Physical Injury	Possible	Major	High	Have annual inspections of trees in the yard	- Shelter in place procedure - Lockdown procedure - WH&S - Emergency Management and Evacuation Policy
Hail	Large hail falling	Physical Injury	Possible	Minor	Moderate	Be aware of changing weather conditions	- Shelter in place procedure - WH&S

Severe storm	Strong winds Heavy rain Lightning	Physical Injury	Possible	Major	High	Annual Arborist inspections of trees in the yard Be aware of changing weather conditions Secure loose items in outdoor areas including the verandahs.	- Emergency Management and Evacuation Policy - Bring children indoors when wind is strong or storm is approaching - Lockdown - WH&S - Shelter in place procedure - Emergency Management and Evacuation Policy
Earthquake	Building damage Falling equipment Building collapse	Physical Injury	Rare	Major	Moderate		- Lockdown procedure or emergency evacuation - If lockdown have children hide under tables - WH&S - Emergency Management and Evacuation Policy
Fallen trees or large limbs	Building damage Obstruction to exits	Physical Injury	Rare	Major	High	Have Arborist inspect trees annually	Lockdown Policy WH&S Management Policy
Flood	Parents can't pick children up	Isolated child	Unlikely	Minor	Low	Contact Numbers on enrolment forms up-to-date	WH&S

							Staff will remain with children until other emergency contacts have arrived or alternative arrangements made.	• Emergency Management and Evacuation Policy
Heat & Cold	Extreme weather conditions	Heat exhaustion Hyperthermia	Possible	Moderate	High		Staff aware of weather conditions Use BOM website to monitor weather conditions	• Keep children inside and use centres heating or cooling system • Physical Environment Policy • Sun Safe Policy • Shelter in place procedure

Animal Threat

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Procedure
Swarming Bees	Bees swarming in the yard or entering the building	Stings	Possible	Moderate	High	Be aware of bees' movements. Allergies & Anaphylaxis - Reducing the Risk Policy Medical Management plans	- Lockdown and cover wall vent fans with plastic to prevent bees' entry. - Animal & Pet Policy - Emergency Management and Evacuation Policy

Snake	Gardens areas Inside building	Snake Bite Venom Poisoning	Unlikely	Major	High	Ensure grounds are maintained, grass cut. Allergies & Anaphylaxis - Reducing the Risk Policy	• Lockdown procedure or emergency evacuation • Animal & Pet Policy
Spider	Gardens areas Inside building	Spider Bite Venom Poisoning	Unlikely	Major	High	Ensure grounds are maintained, pest inspection annually Allergies & Anaphylaxis - Reducing the Risk Policy	• Lockdown procedure or emergency evacuation • Animal & Pet Policy
Dog	Gardens areas Inside building Outside yard but near gates and fence areas	Dog bite Physical injury	Rare	Major	Moderate	Ensure gates are closed. Risk assessment for visiting dogs	• Lockdown procedure • Animal & Pet Policy

Human Threat

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Procedure
Bomb threat	Small or large explosion in or near the service	Injury	Rare	Major	Moderate	Review & be knowledge regarding Bomb threat procedure.	Emergency evacuation distance everyone from potential hazard.
Violent intruder		Injury	Rare	Major	Moderate	Aware of court orders for children/families Identify families without court order but concerns are raised regarding parenting responsibilities, drug & alcohol use, and domestic violence.	Lockdown or emergency evacuation Family Law & Access Policy
Siege		Injury	Rare	Major	Moderate	Identify and supervise visitors not known to the service.	Lockdown or emergency evacuation
Chemical Spill in Pre-School	Cleaning chemicals stored in PS	Injury	Rare	Moderate	Low	Minimising the use of potentially dangerous chemicals and other toxic materials. Keep chemical in locked storage areas.	Dangerous Chemicals and Substances Policy Physical Environment Policy
Chemical Spill in the community	Airborne chemical particles	Injury	Rare	Moderate	Low	Follow instructions from emergency personnel. Close all window and doors.	Lockdown Policy

Difficult Situations involving a Parent, Friend or Relative of enrolled child

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Procedure
Attempt of unauthorised removal of a child	Parents known to PS Unknown Persons	Injury Unauthorised removal of a child	Rare	Major	Moderate	Be aware of custody orders affecting families and children. Identify families without court orders but concerns are raised regarding parenting responsibilities, drug & alcohol use, and domestic violence. Unknown person to present Photo ID before accessing children.	• Delivery & Collection of Children Policy • Family Law & Access Policy • Child Protection Policy • Lockdown procedure • Emergency Service Contact Policy
Parent under the influence of drugs or alcohol	Parents known to PS Unknown Adults	Injury Unsafe removal of a child	Rare	Major	Moderate	Educators greet all parents on arrival at Service Communicate concerns to parent/carer	Delivery & Collection of Children Policy Contact other emergency contacts Call police
Child not collected at closure of pre-School hours	Parent or carer not able to collect child due to	Distressed child	Rare	Moderate	Low	Ensure that emergency contacts are up-to-date on enrolment forms	Delivery & Collection of Children Policy

	unforeseen event

Accidents to a Child, Staff Member, Parents & Visitors

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Procedure
Medical Emergency	Asthma Choking Anaphylaxis Physical injury bleeding, broken limb Seizure	Physical Injury	Possible	Moderate	High	First Aid Policy Asthma Policy Allergies & Anaphylaxis - Reducing the Risk Policy Accident Prevention Policy	First Aid Policy Asthma Policy Accident, Illness & Emergency Service Contact Policy Death of a Child Policy Lockdown or shelter in place policy
Dental Emergency		Dental Injury	Unlikely	Minor	Low	First Aid Policy	Health, Hygiene + Safe Food Policy – Dental Accident
Water hazards		Drowning	Unlikely	Major	High	Physical Enviro. Policy - Water	First Aid Policy Accident, Illness & Emergency Treatment Policy Procedure for Calling an Ambulance Death of a Child Policy
Disappearance of a child		Loss of a child	Rare	Major	Moderate	Supervision of Children Policy	Supervision of Children Policy Emergency Service Contact Policy

Risk to Daily Operations of the Service

Emergency/Evacuation Situation	Hazards	Risk	Likelihood	Consequences	Risk Rating	Controls	Procedure
No Electricity	No landline phone No lighting/ No heating/ cooling Children's sense handwashing taps don't work. Food cannot be kept at recommended temperature	Comfort and wellbeing of children Health & Safety.	Possible	Minor	Moderate	On arrival if no confirmation from Essential Energy is obtained to ensure that power will return in a timeframe of one hour or less then the service will not open. If power goes off during the day and Essential Energy cannot confirm that power will be restored within one hour parents will be required to collect their children.	Call parents to inform them of the situation. From 8.00 to 9.30 a staff will remain at the service to inform any parents that arrive. A sign will be posted on the gate to inform parents of closure for the day. Parents will be called and instructed to collect their child a.s.a.p. Staff will remain on the premises until all children have been collected.
No Phone	No landline or mobile service Parents cannot contact the service.	Parents cannot contact the service in an emergency or for other needs. Service can not contact parents or emergency services	Unlikely	Minor	Low	Staff will ensure that the service mobile is kept charged or that a staff member has a charge mobile phone if landline is down.	Use the service or staff mobile phone to contact parents if needed or possible.

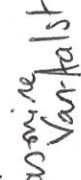

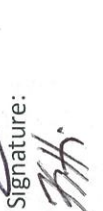

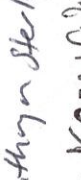

No Water	Staff & Children can't wash their hands. Toilets can't be flushed. Limited drinking water or no drinking water if a child has not brought a drink bottle.	Dehydration	Unlikely	Major	High	If MidCoast Water cannot confirm that the water supply will resume in under 1 hour children sent home. If MidCoast Water deems the water unsafe for drinking, then children parents will be informed and encourage to take their children home.	Parents will be called and instructed to collect their child a.s.a.p. Staff will remain on the premises until all children have been collected. If water is available to buy from shops then the pre-school will do so.
Not enough Staff to meet Regulations	Ratio for staff to children cannot be met.	Regs. are not met Insufficient supervision of children.	Rare	Major	Moderate	Service will not accept children above the current available staff to children ratio.	Inform parents that they will have to stay with their child on the premises until more educators can be hired for the day or to take their child home for the day.

Review

The Management, employees, families and interested parties will monitor and review the effectiveness of this policy annually or more regularly if required.
